

## **Directions to the 2016 WPARC Field Day Jun 25-26, Great Location!**

Located just 10 miles North of Lincoln, Gary Talent, WA6IKE, has invited the WPARC to have Field Day at his home and 70 acre property. The country location is at 1200 feet above sea level, with a beautiful view of the Sacramento valley. The address is: 7145 Superior Town Road, Lincoln, CA 95648 (Note: Some GPS units have had problems, so print, save, and use these directions)

It's a pleasant 30 minute drive from downtown Lincoln on some narrow paved country roads with the last mile or two on well maintained dirt/gravel roads.

**A gate combination will be needed to open a gate on Big Hill Rd. - so contact Roger, K6OU, 916-768-7532, to get it before you depart.**

The Field Day location has open and relatively flat sections with parking close to areas for setting up tents if you plan to camp overnight. Area has: dressing/bathroom building w/flushing toilet, outdoor sink, AC power, refrigerator, and a propane grill. (See [www.wparc.us](http://www.wparc.us) for more info.)

- 6. Stay on the paved road as it turns R onto Big Hill Rd and goes uphill– it becomes gravel at the cattle guard & continues to a wide gate – enter code at keypad on right post – gate auto-closes when thru – Then go 1/2 mi. more to a fork at Superior Town Rd.**
- 7. Turn R on Superior Town Rd, go about 1/2 mile to a signed left fork that points to #7145**
- 8. Turn L and in about 100 feet take the first gate to the Right. (This is Gary’s driveway so please close this gate behind you)**

(Note: Southbound directions from Marysville and Yuba City on Hwy 65 - Several miles before getting to Lincoln, Turn Left (East) onto West Wise Road and proceed until you get to the stop sign at Garden Bar Rd. Then follow from step #5.)
